

# Employer Guide

The Nunn School lies at the vibrant intersection of science, technology and international relations and policy. We focus on equipping our students with Georgia Tech's cutting edge technology tools, a global perspective, and leadership skills through a new model of professional education that is theoretically grounded and practice and policy oriented.

## Undergraduate/Graduate Programs

- Bachelor of Science, Economics and International Affairs (EIA)
- Bachelor of Science, International Affairs (INTA)
- Bachelor of Science, International Affairs and Modern Language (IAML) in Chinese, French, German, Japanese, Korean, Russian or Spanish
- Master of Science, International Affairs (MSIA)
- Doctor of Philosophy, International Affairs, Science and Technology (IAST)

Our degree programs integrate international affairs, economic theory and practice, language acquisition, and overseas experiences with fundamental science and technology training to provide the global competence and professional edge necessary in an increasingly competitive market.

# Recruiting and the Nunn School

The staff at the Nunn School is here to facilitate your recruiting opportunities and help you develop a plan to build visibility for your organization among our students.

## Employer Information Sessions

Organizations with internships or career opportunities are invited to present to our students every term. Sessions can be held during the day or in the evening and usually last for an hour. Employers hosting off-campus sessions and interviews are welcome to contact our office for assistance in marketing their positions to appropriate candidates from the Nunn School.

## Campus Recruiting & Interviews

Georgia Tech utilizes Career Buzz, a web-based recruiting system to arrange on-campus recruiting events and to schedule on-campus interviews. The Nunn School can assist you in arranging recruiting events that target Nunn School students.

## Career Orientation Course Presentations

Nunn School undergraduates take a required course that focuses on careers in International Affairs. Employers visit the class to share recruiting practices and tips to help students prepare for the multitude of industries in which they can pursue careers.

## Career Development Workshops

Nunn School student organizations foster community and build relationships among faculty, students, and industry experts to facilitate career development and academic enrichment. Employers are welcome to partner with a group to speak or host a workshop on topics such as job search strategies, networking, negotiation, interviewing or resume/cover letter development.

## Washington Career Exploration Visit

Every year, the Nunn School sponsors a career exploration visit to Washington, DC. The day and a half trip includes a briefing at the Center for Strategic and International Studies, an emerging leader career panel discussion, an industry employer visit, and scheduled networking opportunities.

## Georgia Tech Center for Career Discovery and Development (C2D2)

The Nunn School works with C2D2 to help students discover the types of career opportunities that are available to them, develop the skills required for success in the workplace, and prepare for the professions they want to enter after graduation. Services offered include, online student portfolios, career assessments, practice interviews, career library and career and internship fairs. See [www.career.gatech.edu](http://www.career.gatech.edu) for more information.

## Internship & Co-op Opportunities

Internships and Co-ops offer important professional development experiences. Nunn School students are encouraged to pursue local, national and international internships, and academic credit may be gained for unpaid opportunities. Post an internship on our CareerBuzz site today! (<https://gatech-csm.symplicity.com/employers/index.php>)
