General Information

Description
This course will prepare you for participation in the Model United Nations Program at Georgia Tech, both as a competitive collegiate delegate and as a director of committee.

Pre- &/or Co-Requisites
This course has no pre-requisites. However, prior Model UN experience could prove helpful.

Course Goals and Learning Outcomes

- Students will be able to use their knowledge of international affairs in a practical problem-solving way to address issues of immediate international concern.

- Students will be able to express their arguments clearly and effectively both in written reports and in their research and oral presentations.

Extra Credit and Grade Dispute Policies and Procedures
No extra credit will be given during this course. If you have a question about a grade or grading, see the Teaching Assistant.
Description of Graded Components

Quiz (25%)  
There will be one quiz during the semester. The quiz will cover all of the material prior to the date of the quiz. The quiz will consist of a series of short answer, matching and identification questions. The exam is scheduled for Tuesday, February 4, during class.

Position Paper (20%)  
Students will write one position paper in preparation for simulations. These papers will be on the assigned topics that will be determined the week of Jan 6.

TechMUN Conference (25%)  
The main GTMUN focus of the Spring semester is our College Conference. All students are expected to participate in an active role in the conference. Participation will be graded on attitude, duty fulfillment, professional demeanor and overall performance.

Background Guide (30%)  
I will assign final background guides to be written. This background guides will be used at the GTMUN HS 2020 conference and will be required to follow specific guidelines determined by the GTMUN HS secretariat. Late papers will not be accepted. More specific instructions will be given in class.

Grading Scale  
Your final grade will be assigned as a letter grade according to the following scale:

A 90-100%
B 80-89%
C 70-79%
D 60-69%
F 0-59%

Course Materials

Course Text  

Course Website and Other Classroom Management Tools  
The Canvas site will also contain other important material for the course, including sample position papers, Model UN rules of procedure, guide outlines, and so on. Regular access to Canvas and Teams is mandatory for this course. Most of you already have the necessary skills to use this tool, but if you don’t OIT runs periodic workshops.
Course Expectations & Guidelines

Academic Integrity
Georgia Tech aims to cultivate a community based on trust, academic integrity, and honor. Students are expected to act according to the highest ethical standards. For information on Georgia Tech’s Academic Honor Code, please visit http://www.catalog.gatech.edu/policies/honor-code/ or http://www.catalog.gatech.edu/rules/18/.

Any student suspected of cheating or plagiarizing on a quiz, exam, or assignment will be reported to the Office of Student Integrity, who will investigate the incident and identify the appropriate penalty for violations.

Accommodations for Individuals with Disabilities
If you are a student with learning needs that require special accommodation, contact the Office of Disability Services (often referred to as ADAPTS) at (404)89-2563 or http://disabilityservices.gatech.edu/, as soon as possible, to make an appointment to discuss your special needs and to obtain an accommodations letter. Please also e-mail me as soon as possible in order to set up a time to discuss your learning needs.

Assignment Turn-In
Background guides will handed in via e-mail. Details will be provided closer to the date. Position papers should be typed double-spaced using 12-point Times New Roman font and with one-inch margins.

Attendance and/or Participation
Attendance in class is mandatory. However, being in class is not enough – you should participate and ask questions, especially during each lecture. It is imperative that you actively engage in each simulation exercise as this is the best way to learn Model UN. Please advise us ahead of time if you will miss class or afterward if you are ill. I will grant you two absences (for whatever reason) during the semester after which your final grade will be deducted 10 points. Obviously there are extenuating circumstances that I will consider, but you need to consider your presence in class as vital to your final grade. Only family emergencies, documented illnesses, or Institute-approved absences will count as excused absences.

Collaboration & Group Work
No assignment should require group work. Any work with others will constitute cheating.

Extensions, Late Assignments, & Re-Scheduled/Missed Exams
See the Teaching Assistant if you need to arrange make-up for missed assignments. However, only Institute-approved absences will be accommodated.

Student Use of Mobile Devices in the Classroom
No electronic devices (mobile phone, laptop, tablet, etc.) are permitted during the class. If you have an ADAPTS-related requirement for electronic devices, that is an allowed exception.

Student-Faculty Expectations
At Georgia Tech we believe that it is important to continually strive for an atmosphere of mutual respect, acknowledgement, and responsibility between faculty members and the student body. See http://www.catalog.gatech.edu/rules/22/ for an articulation of some basic expectations – that you can have of me, and that I have of you. In the end, simple respect for knowledge, hard work, and cordial interactions will help build the environment we seek. Therefore, I encourage you to remain committed to the ideals of Georgia Tech while in this class.
